

JUST IN!

JUNE 2022

NOW AVAILABLE: Signing Day Toolkit

The Job Corps Signing Day campaign is officially underway. Centers are encouraged to host events throughout the summer and join all centers in a national Signing Day celebration the week of Sept. 26. To help center staff get started with planning, a Signing Day Toolkit has been developed and includes:

- Materials to get you started with planning, like [Who to Invite to Signing Day](#) and a guide on [What Signing Day Events Can Look Like](#)
- Supporting materials including two event checklists and [Signing Day Social Media Tips](#) to help you capture photos and videos of your event
- Stuff you'll need for the day-of, like [Signing Day Letters of Commitment](#) and [Signing Day Giveaways](#)

To see all available resources, check out the full toolkit [here](#).

How To Use the Toolkit

Remember, Signing Day is what you make it! Use this toolkit as a jumping-off point, and feel free to get as creative as you'd like. Host one big event or host several smaller ones throughout the summer. Stick to a more traditional event or put your own spin on things. With checklists, social media tips and event ideas, this toolkit gives you access to multiple resources to help you execute a successful event.
