

JUST IN!

MAY 2023

LET'S BUILD JOB CORPS ALUMNI CONNECT

Job Corps Alumni Connect is here!

The national network enables Job Corps alumni to network with fellow Job Corps graduates across the country, stay connected with the friends they met on campus and share the benefits of the Job Corps program.

The connection with alumni begins the moment they graduate. The Alumni Connect Toolkit contains resources to help you establish and maintain relationships with your alums, whether they're about to graduate or have been building their careers for years.

IN THIS TOOLKIT, YOU'LL FIND:

- An **alumni e-mail** congratulating recent graduates, introducing them to Alumni Connect and telling them how to join!
- **Promotional materials**, like a flier and poster, to display and hand out on campus.
- An **events tips sheet** with recommendations on how to regularly connect with alumni

To see all available resources helping you encourage alums to sign up for this national network, check out the full toolkit [here](#).

How To Use the Toolkit

These resources will help you spread awareness of Job Corps Alumni Connect and build a long-lasting network of program advocates who inspire future generations of Job Corps alumni.

The Job Corps journey continues far beyond graduation.

Let's build Alumni Connect together, today!
