UPDATED MATERIAL: CANNABIS POSTER

In a continued effort to support OBS and improve student retention, we've updated our Cannabis posters to better reflect on-campus policy in the PRH. We encourage you to display these posters across campus, particularly in areas where students gather or frequent. The posters are meant to provide guidance and reminders for students about Job Corps' drug policy and potential consequences should they violate it.

In the coming weeks, 10 printed posters will be shipped to each center and additional printed copies will be available for order.
