

AUGUST 2026
JUST IN!

SHIPBUILDING MATERIALS

A rewarding career in shipbuilding starts at Job Corps. Across the country, students are gaining the skills, experience and industry connections they need to launch successful careers in this high-demand field.

To help you introduce students to shipbuilding opportunities, there are several updated resources available to share with prospective and current students:

[Explore the newly refreshed Shipbuilding landing page](#) to learn more about career pathways, training opportunities and industry benefits.

[Watch the updated Shipbuilding video](#) to see how Job Corps prepares students for careers in this growing industry. Check out the short video supporting student recruitment on Job Corps' socials!

[Share the Transition Hub Advanced Training Flier](#) with students who have completed or are near to completing their training, are applying for a shipbuilding job in the Gulfport, Mississippi, area, and could benefit from additional support as they transition into the workforce.

[Download the Shipbuilding Career Opportunities Flier](#) from the Marketplace to help current and prospective students learn about the benefits and long-term opportunities available in the shipbuilding industry.

Visit the [Materials Marketplace](#) for more recruitment resources, downloadable materials, digital assets and more!
