NEW RECRUITMENT RESOURCE:

HOW TO APPLY VIDEO

The How To Apply video is a helpful tool for staff to share with prospective students as they begin the Job Corps enrollment process. It provides a visual guide to getting started with MyJobCorps and can help students better understand the application process and the steps they need to take.

Staff can share the video during recruitment conversations, use it as a follow-up resource after speaking with prospective students or refer to it when helping students navigate the application process. Having a video to revisit can help students feel more prepared to take the next step toward enrollment.

Start sharing the **How To Apply video** today and visit the **Materials Marketplace** for more resources to support staff and students.
